

Invitation **May 20, 2022** Urban Mobility Transformation: Future Visions

The international "Science meets City" symposium focuses on modern urban infrastructure development, innovative mobility concepts and devices, as well as the collaboration between science, cities and citizens. A mixture of impulses and personal discussions creates the ideal basis for new ideas, contacts and cooperations. Let's shape our future together!

TOPICS & SPEAKERS

12:00 PM | Reception

1:00 PM | Greetings

- Henriette Reker, Mayor of Cologne
- Prof. Dr. Elisabeth Fröhlich, Chairwoman Cologne Science Forum

1:10 PM | Science Meets City: Perspectives From Close Up to Far Away

- Prof. Dr. Jan Gehl (Copenhagen)

1:30 PM | First Lead-Topic | Sustainable Mobility Planning and Public Transport Systems (Chair: Prof. Dr. Michael Frantzen)

- Prof. Dr. Meike Jipp (Berlin) | Sustainable Mobility: A Chance for Livable Cities
- Prof. Dr. Rüdiger Siechau (Hamburg) | Clean Drive for a Clean City: City Cleaning Electrified
- Prof. Dr. Nicolas Hautière (Paris) | Smart Roads as a Strategic Issue for Tomorrows Cities
- Pieter van den Berg (Rotterdam) | A Boost for Urban Sustainability: Optimizing Electric Transit Bus Networks in Rotterdam
- John Lippe (Ford Europe) | Mobility and the Smart City

2:45 PM | Round Tables & Poster Session

Open Exchange and Discussion on the Speaker Topics of the First Lead-Topic and Guest Topics

3:15 PM | Coffee Break

3:45 PM | Second Lead-Topic | Urban Living, Planning and Building (Chair: Prof. Dr. Claudia Bornemeyer)

- Prof. Dr. Kerstin Krellenberg (Vienna) | Sustainability Transformations – Challenges for and the Potential of Cities
- Prof. Dr. Jaques Teller (Liège) | Mobile Phone Data Processing for Mobility Analysis and Urban Planning
- Prof. Dr. Sandor Markon (Kyoto) | Urban Mobility with Linear Motor Systems
- Prof. Dr. Jérôme Monnet (Paris) | Innovations by Travelers: Challenges for the Urban Mobility Infrastructure in the Greater Paris

4:45 PM | Round Tables & Poster Session

Open Exchange and Discussion on the Speaker Topics of the Second Lead-Topic and Guest Topics

5:15 PM | Closing Panel | Successful Implementation of Urban Transformation Processes

Dr. Joachim Thiel (Hamburg), Dr. Tuija Hirvikoski (Helsinki), Prof. Dr. Kerstin Krellenberg (Vienna), Prof. Dr. Jan Gehl (Copenhagen), N.N. (Cologne)

MODERATION | Carmen Hentschel

NOTE | Registration for the scientific symposium is required via our website and is already possible now!

Experts in the field of mobility have the opportunity to actively contribute to the event with their projects or topics, either with a Round Table discussion or with a poster presentation. Application is made by registering for the event and submitting a short abstract. For further information please refer to the „Call for Abstracts“ document.
